**ELKAY**<sup>®</sup>

Drinking Water Solutions

## The Right Choice for Your Drinking Water Needs

For more than a century, Elkay<sup>®</sup> has been dedicated to engineering award-winning products that are built to last. As an industry leader, we stand by our customers, committed to fulfilling your drinking water needs. We'll be with you every step of the way in selecting and maintaining your Elkay products.

**That's the Elkay advantage.**

### Here's why companies choose us as a trusted partner:

#### Expansive Portfolio

We have drinking water solutions to fit every budget and installation requirement:

- Hands-free bottle filling stations
- Single and bi-level coolers and fountains
- Countertop and built-in water dispensers
- ADA-compliant, in-wall, on-wall and outdoor applications
- Vandal-resistant units, great for outdoor and school use

#### Health Smart Solutions

We're dedicated to providing products for healthier homes and communities:

- Completely touchless bottle filling stations
- Touchless coolers and fountains
- Filtered units feature NSF-certified WaterSentry<sup>®</sup> filters that reduce lead and other harmful contaminants
- Energy-efficient options

#### Commitment to Innovation

We're always working on new solutions for a healthier, sustainable future, with products that are:

- Meaningful to our customers' specific need of today and tomorrow
- Thoughtfully designed for an optimal user experience
- Able to evolve with changes in market demand, science and technology
- Environmentally sound; many are sustainably made

# Drinking Solutions for Every Application

Our drinking water products are designed to meet or exceed your needs and specifications. Elkay has a wide variety of bottle filling stations and water coolers that comply with adult or child ADA standards, as well as models that offer the added assurance of our WaterSentry<sup>®</sup> filters.

**All of our products can be adapted to any space, indoors and outdoors installations.**

## Hands-free Convenience

As a leading manufacturer of drinking water products, you'll find a large selection of touchless, sanitary, sensor-activated bottle filling stations and water coolers in a variety of styles and configurations.

Scan the QR code to learn about these products.

# FEATURES AND BENEFITS

Here are just a few of the many benefits our products offer.

## HYGIENIC FEATURES

Hands-free water supply options, electric sensor activation, foot pedals or knee operation panels.

## SUSTAINABLE DESIGN

Eco-friendly drinking solutions are made from recycled and recyclable materials.

## FILTERED SOLUTIONS

Filtered bottle filling stations and fountains provide cleaner, healthier drinking water.

## ADA COMPLIANT

Compliant drinking solutions\* make water accessible.

\*ADA compliant when properly installed.

## GREEN OPERATION

Select drinking solutions reduce energy usage and plastic waste to keep hotels and resorts green.

## VANDAL RESISTANT

Tamper-resistant features withstand heavy use and defend against abuse.

## OUTDOOR DRINKING WATER

Durable, Fast and Convenient!

Elkay® outdoor bottle filling stations and drinking fountains offer attractive, long-lasting durability to withstand tough weather conditions. They are built for busy areas such as parks, pools, golf courses, and school and work campuses.

### New Arrival: Outdoor Tubular Bottle Filling Station Foot Pedal Accessory

Convert outdoor bottle filling stations to hands-free units with this easy-to-install foot activation pedal. This accessory offers the option to fill reusable water bottles without using the standard push button. Order with a new unit or retrofit an existing one.

## WATER DISPENSERS

Experience ezH2O Liv  
Elkay takes water delivery to a new level with ezH2O Liv<sup>®</sup>, a filtered water dispenser designed to seamlessly fit any space. With two versions — one for the home and one for commercial spaces (ezH2O Liv Pro<sup>®</sup>) — it's a sleek, convenient addition to any room. ezH2O Liv goes beyond water delivery, offering peace of mind with an NSF-certified filter that reduces lead and other harmful contaminants from water.

### ezH2O Liv Pro<sup>®</sup> In-wall Filtered Water Dispenser 220V

#### SEAMLESS DESIGN

Fits within the width and depth of two wall studs near water and electric. Includes drip tray with optional drain connection; can connect into existing water line. Designed for new construction or existing spaces.

#### BOTTLES SAVED

Backlit LED Green Ticker<sup>™</sup> counts the number of disposable, single-use plastic bottles served without the plastic bottle waste.

#### FILTERED WATER

Filter is certified to NSF 42 and 53 to reduce lead and other harmful contaminants. Filter status lights indicate when filter changes are needed.  
**Commercial model:** 3,000-gallons.

#### SENSOR ACTIVATED

Hands-free filling with automatic timed shut off to help prevent accidental spills and messes. Safety lock setting prevents unsupervised use.

#### CHILLER OPTIONS

Unit can be installed with or without a chiller.  
**Commercial model:** Chiller sold separately. Various chiller options available, based on application.

#### CONVENIENT AND SUSTAINABLE

Self-serve design allows people to help themselves to refreshing water, at home or in commercial spaces, in an eco-friendly way.

#### IN-WALL INSTALLATION

Fits within 40.6cm OC 5cm x10cm studs near water and electrical; includes drip tray with optional drain connection.

#### DRAIN

Optional drain connection available.

#### UNIVERSAL SOCKET

The units have an internal universal socket (IEC) that adapts itself to the plugs of all regions. Cable not included.

## ezH2O<sup>®</sup> Floor Standing Bottle Filling Station

### Convenient. Refreshing. Easy Upgrade.

A refreshing and hygienic upgrade to your existing Elkay<sup>®</sup> water cooler, this freestanding bottle filling station is convenient and can be installed in any indoor location where there is a water supply and drain. Minimize dependency on disposable plastic water bottles and enjoy chilled, filtered water.

**HANDS-FREE ACTIVATION**

No-touch sensor activation delivers a clean, quick water bottle fill. An automatic 20-second shut-off timer guards against unwanted spills and overfills.

**QUICK AND EASY RETROFIT**

Easily retrofits existing EFA and LAFE 115V style coolers. Say goodbye to the bubbler and hello to hygienic hydration.

**FLEXIBLE INSTALLATION**

This freestanding unit can be installed anywhere there is a water supply and drain. Its traditional floor mount design allows for freestanding or wall backed installation.

**FILTERED WATER**

Model is designed for our WaterSentry® filter, which is certified to NSF standards to reduce lead and other harmful contaminants (filter sold separately).

**SUSTAINABILITY THROUGH BOTTLES SAVED**

Minimize dependency on disposable plastic water bottles. Our Green Ticker™ informs users of the number of 20 oz. plastic water bottles saved from waste.

**SINGLE-CORD DESIGN**

A convenient, single power cord design makes this freestanding bottle filling station a true plug-and-play solution.

**Easy Retrofit**

**Filtered and Chilled**

Single-use plastic bottles served  
without the plastic bottle waste:
